I fear we have to proceed rather cautiously in this matter, however much one may view the measure with sympathy.

Adverting to G.O.No.D.8479-80/C.S.81-26-5 dated 4th April 1927 directing that a sum of Rs. 20,000/- be placed at the disposal of the Registrar of Co-operative Societies for grant of loans to the Depressed Classes co-operative Societies at 5 per cent interest, I have the honour to state that 27 societies have so far been financed out of this fund to the extent of Rs. 18,120. the balance now available for the grant of loans to other societies being only Rs. 1,880. There are now 209 depressed classes societies in the State the majority of whose members are either paying usurious rates of interest or are bonded slaves to their money lenders. It is very necessary to relieve such persons from their usurious debts before any improvement in their economic condition can be effected. As

Flag L

previously stated in my letter No. 50009. dated 12th January 1927 the members of these societies are not in a position to offer tangible securities for their loans beyond their unlimited liability and the Central Co-operative financing institutions do not readily sanction loans merely on the security of the unlimited liability of the members. The necessity therefore for Government aid is apparent. As the Government grant of Rs. 20,000/- has also been exhausted and as the recovery thereof takes some time and as more societies have to b financed during this year I request that an additional grant of Rs. 30,000/- may be made for this purpose, thus bringing the total grant under this head to Rs. 50,000/-. I may add that the Mysore

Co-operative

Co-operative Committee have recommended the grant of a lakh of rupees for this purpose.

2. I request that Government may kindly be pleased to sanction an additional grant of Rs. 30,000/- for financing depressed classes co-operative societies, necessary provision therefor being made by readjustment of sanctioned grants.

I have the honor to be,

Sir,

With reference to your letter No.D.1980/C.S.12-28-2 dated 14th August 1928, I have the honour to forward herewith a list of Depressed Class Co-operative Societies to which loans have been granted furnishing details as to membership, share capital etc., and to state as follows:-

From the remarks made against each in the list it is seen that the loans are all well secured, having been granted partly on the security of immovable properties, owned by the several borrowing members and partly on the personal security of the members taking additional security of a solvent surety whenever that course is thought necessary. These loans are granted mostly for productive purposes only such as, improvement of lands, cultivation of lands granted to them by the Government and purchase of ploughs and plough cattle and, in some cases for discharging prior debts and for livelihood also

The subordinate Executive Staff have been directed to exercise vigilance both in granting and collecting loans and to submit quarterly reports about the working of all Depressed Classes Co-operative Societies including those indebted to Government. These reports are being scrutinized in the Assistant Registrar's office and in my office. It is hoped that these steps taken by me will ensure the timely repayment of the loans granted to members of the Depressed Class societies.
